

Devil's Gate Reservoir Restoration Project

LOOKING FOR LOCAL PARTICIPATION

The County of Los Angeles has implemented a Local and Targeted Worker Hire Policy to facilitate the hiring of local and targeted workers. A mandatory 30% of the hours performed on this project must be local and targeted workers.

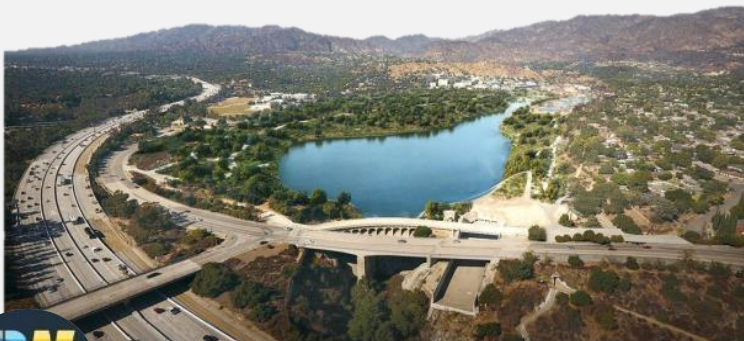

CRAFT FOCUS:

- Commercially Licensed Drivers
- Owner Operators
- Trucking Companies
- Double Bottom Dump Trucks

Project Description

In an effort to achieve balance between restoring flood protection to downstream communities and preserving the natural resources of the Hahamongna Watershed, Public Works will remove 1.7 million cubic yards of sediment over 4 years from the reservoir behind Devil's Gate Dam in Pasadena.
